The Fifth Ravensbrück Retreat for Women

5
– This year the retreat for women in the former concentration camp for women will take place for the fifth time.

– In a five day retreat we will experience this place Ravensbrück in multiple ways. There will be daily periods of silence and meditation on the grounds of Ravensbrück. We will commemorate those women, who were killed, who's names are known and who's names are forgotten.

This form of commemoration is quite relevant in the actual political situation. No meditation experience is required.
